In this connection, the management also had the related details printed on the ballots. With regard to Agenda Item 2, as it was concerned with the report to be presented to the shareholders only for acknowledgement, there was no ballot for the item.
- During the deliberation of each agenda item, shareholders wishing to give opinions or ask questions were requested to identify themselves by their first and last names. The purpose was to enable the keeper of the minutes to keep a correct record of the meeting.
- In voting, if shareholders wished to "cast their votes of disapproval" or "abstain from voting" on any agenda item, they were requested to cast the votes or abstain from voting by checking the related box and signing their name on the ballots. Once they were ready, they were requested to raise their hand so that the staff concerned would collect the ballots and compile the votes. Any ballots without signature or with more than one boxes checked, they would be regarded as "invalid ballots", and would not be counted as part of the voting base, except under Agenda Item 5, whereby they would be counted as part of the voting base.
- Shareholders who wished to "vote in favor of" an agenda item were not required to submit their ballots. The Company would deduct the number of disapproval and abstention votes from the total votes of the shareholders present at the meeting when the agenda item concerned was deliberated. The balance would represent the number of votes in favor of the agenda item. In this connection, the calculation of the votes also took into account the votes cast by the shareholders for each agenda item completely in the proxy form.

Record of the report via video presentation

“Thanachart Group’s net profit was higher than the previous year. Overall revenue base increased while non-performing loans arising out of the normal course of business decreased. As well, the coverage ratio significantly improved. Importantly, Thanachart Bank’s capital base was strengthened to such an extent that it was currently among the country’s top commercial banks. As a result, it was ready to accommodate future growth in a sustainable manner.

In the past year, Thanachart Bank and its subsidiaries which were the flagship businesses of Thanachart Group made continuous progress in all areas. In particular, their net profit for four consecutive quarters amounted to 10,743 million baht, representing an increase of 821 million baht or 8.27 percent. Noteworthy was the fact that their overall revenue base increased as a result of the growth of both net interest income and non-interest income as well as efficient management of loan losses and doubtful accounts. Importantly, the quality of assets improved significantly. As a result, non-performing loans decreased by 11,080 million baht, representing about one-third of the non-performing loans as at the end of 2014.

The NPL ratio decreased from 4.09 percent to 2.84 percent while the coverage ratio significantly increased from 85.52 percent to 119.42 percent, which was close to the commercial banking industry average. On the other hand, Thanachart Bank’s capital base grew from 15.83 percent of assets to 17.92 percent, the level of which was comparable with those of leading commercial banks. At this level, the Bank was able to deal with various risks in a comprehensive manner. As well, the relatively high level of the capital base ensured Thanachart Group’s stable future growth. Adding to the good news was the fact that, in line with Basel III, Thanachart Bank was able to maintain the Liquidity Coverage Ratio (LCR) of above 100 percent, which was well above the minimum 60 percent imposed by the Bank of Thailand. This not only demonstrated the Bank’s preparedness before the enforcement of the requirement in 2016 but also greatly inspired confidence in every customer.

Key events occurred in 2015

(1) *The Bank, a subsidiary company of Thanachart Capital, increased capital through the rights offering of common shares to existing shareholders, for the purpose of replacing the redemption of the Hybrid Tier I and strengthening the Bank’s capital. The transaction concluded with an additional 5,512 million baht in paid-up share capital, resulting in a total issued and paid-up share capital of 60,649 million baht. This helped strengthen the Bank’s Tier I capital.*

(2) *The Bank successfully issued Basel III-compliant Tier II capital subordinated unsecured instruments totaling 7,000 million baht, further reinforcing financial stability and providing a strong base for future growth.*

(3) SCIB Public Company Limited, a subsidiary company of the Bank, successfully completed a liquidation process. Due to the tax losses arising from investment in this subsidiary, the Bank had no income tax expenses for the year 2015, and mostly utilized the benefit as special provision in order to enhance the financial position.

In 2016, the Thai banking sector was expected to show a slight improvement in loan growth year over year. This would come mainly from commercial loan growth stimulated by Government budget disbursements, partially offset by stagnant retail loan growth resulting from more stringent measures to mitigate risks. The overall banking industry would be confronted with a multitude of changes, for example, the growing internet access to conduct online transactions, the rising role of non-banks, and especially, the National e-Payment Master Plan, which would lead to a cashless society.

In preparation for the challenges that lied ahead, Thanachart Bank tirelessly endeavored to develop itself in all facets to enhance competitiveness, with focuses on developments of (i) key business transformation initiatives and working procedures to enhance efficiency and collaboration, (ii) human resources by cultivating the right mindset and enhancing the capabilities and productivity of staff at all levels, in order to deliver the most appropriate products and services to meet the needs of customers, and (iii) service platforms and products to fully accommodate digital banking transactions.

Regarding corporate social responsibility, the Bank could receive the Ministry of Culture Award of the Year 2015 for Contribution to the Preservation of Thai Culture, resulting from the continued determination to preserve and promote Thai culture and religion. In addition, the Bank invited customers to make a donation to charitable organizations via "Merit Bridge Project", and restructured working procedures to reduce consumption of energy and natural resources. Most importantly, a total of 12 companies in the Thanachart Group were granted the Coalition against Corruption (CAC) logo by the Private Sector Collective Action Coalition against Corruption in recognition of strong commitment to preventing all forms of corruption. The Bank also initiated the "Rethink" Campaign with the slogan "Rethink, know how to use money, and find happiness." The campaign was aimed at promoting awareness among Thai people to rethink and change their spending habits, in order to manage their spending in line with income and develop financial self-discipline, which would, in turn, strengthen the foundation for sustainable growth of Thai economy."

With the presentation of this agenda item, all shareholders were now informed of the Company's performance. In addition, as this agenda item was for the shareholders' acknowledgement only, there was no resolution to be adopted. However, in case there were any shareholders wishing to make suggestions or ask questions, they were requested to keep them for now and do so at a later stage when other agenda items were discussed.

Agenda 3: To approve the statements of financial position and statements of comprehensive income for the year ended 31 December 2015

The Chairman requested Mr. Suphadej Poonpipat, Chairman of the Executive Committee and Chief Executive Officer, to present a report for this agenda item.

Mr. Suphadej Poonpipat informed the participating shareholders that there were numerous details under Agenda Item 3. For their convenience and better understanding, the Company would like to present the report related to its statements of financial position and its statements of comprehensive income in the form of a video presentation which was about 13 minutes in length. The presentation would explain the Company and its subsidiaries' financial position and performance which were prepared in accordance with the Financial Reporting Standards including the revised version in 2014 and new version that became effective in 2015. Overall in 2015, total assets of the Company and its subsidiaries declined from a year earlier, due to the economic slowdown. However, the net profit increased from the previous year. The details were given in the Annual Report 2015. In this connection, the statement of financial position as well as the statement of comprehensive income for the year ended 31 December 2015 were already audited by the certified public accountant and reviewed by the Audit Committee.

Record of the report via video presentation

"The Board of Directors would like to present to the meeting the statement of financial position and the statement of comprehensive income for the year ended 31 December 2015 for approval. The financial statements were audited by the certified auditor. Taking into consideration the consolidated financial statements of Thanachart Capital Public Company Limited, the statements reflected the performance of the Company as well as the subsidiaries of Thanachart Group, which included Thanachart Bank and other subsidiaries. The related details were given in the Annual Report which was already sent to the shareholders.

In considering the financial statements, the Board of Directors would like to clarify the following key points to the shareholders.

In preparing their financial statements, the Company and its subsidiaries adopted the revised financial reporting standards (2014) and the new ones issued by the Federation of Accounting Professions, which became effective in 2015. These financial reporting standards were issued with an aim of ensuring that they were on a par with the international financial reporting standards. While some of the standards underwent major changes, they did not have significant impacts on the financial statements of the Company and its subsidiaries. These revised and new standards could be summarized as follows:

- *According to Thai Accounting Standard 19 (revised in 2014) on employee benefits, the Company was required to recognize estimated actuarial gains and losses in other comprehensive income while the*

former standard allowed the Company to recognize such gains and losses in profit or loss (see Nos. 26 and 42 in the notes to the financial statements).

- Thai Financial Reporting Standard (TFRS) 13 on Fair Value Measurement provided guidance on how to measure fair value of financial assets and liabilities as well as disclosure of information related to such fair value measurement (see No. 52.4 of the notes to the financial statements).

Key transactions in 2015

During the year 2015, the liquidation of SCIB Public Company Limited, formerly Siam City Bank Public Company Limited, which was a subsidiary of Thanachart Bank, was completed. As a result, Thanachart Bank suffered tax losses from its investment in the subsidiary. Therefore, in 2015 the Bank had no corporate income tax burden. In this connection, the Bank deemed it appropriate to set aside additional provisions in order to strengthen its financial position.

As at the end of 2015, the Bank's tax losses amounted to 25,326 million baht. In this connection, the related tax benefits had to be made use of by 2020

Shareholders' equity amounted to 111,323 million baht, representing an increase of 7,047 million baht or 6.8 percent over the previous year. - The tables showing details about the payments made to the Board of Directors and the other sub-committees in 2015 and the rate of remunerations paid in 2015 and the current remuneration rate were on Pages 52 - 53 of the Notice of the Shareholders' Meeting.

As regards the payments made to each director in 2015, the related details were given on Pages 98 - 100 of the Annual Report 2014. The information which was disclosed to the meeting was only for acknowledgement. It was not necessary to adopt any resolution on this matter. Except for the payments which were reported above, the Company did not make any other payments of remuneration and/or benefits to the directors, which were not of a regular nature.

In addition, the Board of Directors adopted a resolution approving the Nomination and Remuneration Committee's proposal that the Board of Directors review the appropriateness of the remuneration payments made to the Board of Directors, the Nomination and Remuneration

Committee, the Audit Committee, and the Risk Management Committee on a yearly basis. According to the review, the current remuneration level which was shown on the screen amounted to not more than 11,000,000 baht in line with the approval given by the shareholders in 2015. When compared with the remuneration to directors in the same industry, which took into account the additional responsibilities and the inflation factor, it found that the remuneration level approved by the shareholders remained appropriate.

In relation to the performance allowances, having considered the matter, the Remuneration Committee proposed that the shareholders approve the payment of performance allowances to the directors for the year 2015 at the rate equal to one percent of the dividend payments approved for the shareholders. This was in line with the policy established by the shareholders and with the Board being authorized to allot the related payments to its member.

In accordance with the information contained in the notice of the meeting, the proposed dividend payment to be made to the shareholders this year amounted to 2,097,233,465.40 baht. As a result, the total performance allowance to be paid to all members of the Board of Directors would amount to 20,972,334.65 baht.

The details on the payments of the allowance for the performance from 2013 to 2015 were given on Page 53 of the Notice of the Meeting.

Mr. Tiraphot Vajrabhaya then provided the shareholders with an opportunity to ask questions and give opinions. As no shareholder asked any questions or gave any opinions, the shareholders were requested to adopt the resolutions by making use of the ballots titled Agenda Item 5.1 and Agenda 5.2 respectively with details as follows:

1. The shareholders were requested to make use of the ballot titled 'Agenda Item 5.1' for the approval of the payment of the performance allowance to the Company's Board of Directors at the rate equal to one percent of the dividend payments approved for the shareholders, with the Board being authorized to allot the related payments to its members.
2. The shareholders were requested to make use of the ballot titled 'Agenda Item 5.2' for the approval of the payment of the remuneration in an amount not more than 11,000,000 baht to the Board of Directors for 2016.

Additional note:

From the time when the resolution on Agenda Item 4 was adopted until the time for adopting the resolution on Agenda Item 5, there were 40 additional shareholders registering for attending the meeting. Agenda 6: To consider the election of directors replacing those retiring by rotation

The Chairman informed the meeting that this agenda item was concerned with the consideration of the election of directors in replacement of the directors retiring by rotation. In this connection, he requested Mr. Tiraphot Vajrabhaya, the Chairman of the Nomination and Remuneration Committee to provide the shareholders with the details related to this agenda item.

Mr. Tiraphot Vajrabhaya informed the meeting that the following three directors would retire by rotation at the 2016 Annual General Meeting of Shareholders.

1. Mr. Banterng Tantivit Chairman (Non-Executive Director), and
2. Mr. Vichit Yanamon Director, Member of the Nomination and Remuneration Committee (Non-Executive Director), and
3. Mr. Somkiat Sukdheva Director, Member of the Audit Committee and Member of the Risk Management Committee (Independent Director)

As a result, the Nomination and Remuneration Committee proposed that the shareholders elect the three retiring directors namely Mr. Banterng Tantivit, Mr. Vichit Yanamon and Mr. Somkiat Sukdheva as the Company's directors for another term.

In enable the shareholders to consider and vote independently on this agenda item, he requested the three persons whose names were proposed for election, to be out of the meeting room temporarily.

Mr. Tiraphot Vajrabhaya informed the meeting that, in finding or proposing the list of the persons in replacement of the directors retiring by rotation, the Board of Directors not only assigned the Nomination and Remuneration Committee to be responsible for the related work, but also allowed the shareholders to propose names of qualified persons for election at this meeting through its website (www.thanachart.co.th) during the period from 23 September 2015 to 22 November 2015. However, during the specified period, there was no shareholder proposing any person for consideration. As a result, in line with the recommendation made by the Nomination and Remuneration Committee, the Board of Directors proposed to the shareholders that they elect the three retiring directors together for another term. The election of the three directors already received the approval of the Bank of Thailand. In this connection, the

shareholders could consider the brief profiles of the three directors, which were on Pages 54-60 of the Notice of the Meeting, or those currently shown on the screen.

Mr. Tiraphot Vajrabhaya then provided the shareholders with an opportunity to ask questions or give opinions. As no shareholder asked any question or gave any opinion, he requested the shareholders to adopt the resolution.

For transparency, he requested the shareholders to vote for each director separately by using the ballots titled Agenda Item 6.1 to Agenda Item 6.3 respectively. The ballots specified the name of each director separately as follows:

- 6.1 Mr. Banterng Tantivit
- 6.2 Mr. Vichit Yanamon
- 6.3 Mr. Somkiat Sukdheva

Mr. Tiraphot Vajrabhaya then invited the three directors who went out of the meeting room temporarily, to return to the meeting room before proceeding with the next agenda item.

Agenda 7: To consider the appointment of the auditor and determine the audit fee for 2016

The Chairman then requested Mrs. Siripen Sitasuwan, Chairperson of the Audit Committee, to present details of this agenda item.

Mrs. Siripen Sitasuwan informed the meeting that, in the past year, the Company appointed the public accountants of EY Office Limited as public accountants for the year 2015 and fixed the audit fee at 900,000 baht. For the year 2016, the Audit Committee went through the process of selecting public accountants. As well, the Board of Directors already considered the opinion of the Audit Committee and deemed it appropriate to propose the following list of the public accountants of EY Office Limited to the shareholders for appointment. It was proposed that

1. Ms. Rattana Jala (Certified Public Accountant (Thailand) No. 3734) and/or
2. Ms. Somjai Khunapasut (Certified Public Accountant (Thailand) No. 4499) and/or
3. Ms. Rachada Yongsawadvanich (Certified Public Accountant (Thailand) No. 4951)

be appointed as the Company's public accountants for the year 2016. It was also proposed that the shareholders approve the audit fee of 900,000 baht.

After taking into consideration various factors as well as the appropriate amount of work involved, the Audit Committee was of the opinion that EY Office Limited was reliable and its performance was widely acceptable both domestically and abroad. It also possessed the auditing standards on a par with the international standards and was supported by staff with knowledge, expertise, and experience in auditing financial statements of financial institutions. As well, it had always been helpful in providing the Company with valuable advice on various areas.

The audit fee proposed for the year 2016 was considered reasonable. Both the three public accountants and EY Office Limited had neither relationship nor transaction that might give rise to any conflict of interest with the Company. The appointment of the proposed public accountants also received the approval from the Bank of Thailand. In this connection, the audit fee of 900,000 baht for the year 2016 was the same amount as the audit fee for the year 2015.

As regards the detailed profiles of the three public accountants and other related information, the shareholders could find them on Pages 61-63 of the Notice of the Annual General Meeting.

Mrs. Siripen Sitasuwan then provided the shareholders with an opportunity to ask questions or express their opinions. There were a number of shareholders who asked questions or gave opinions as follows:

Mr. Basant Kumar Dugar (shareholder):

He said that the appointment of individual external auditors (but not audit firm) was limited to no more than five consecutive one-year terms. As well, he recommended that the Company use audit software such as ERP, SAP or Oracle. In addition, he said that, if the Company made use of the same audit firm as the one used by its affiliates, it would be able to save money on audit fees.

The Chairman:

The Chairman thanked the shareholder for his opinions. In relation to the Company's auditors, he said that their appointments were already limited to no more than five consecutive one-year terms.

As there was no additional question or opinion, Mrs. Siripen Sitasuwan requested the shareholders to vote on the agenda item.

Additional note:

From the time when the resolution on Agenda Item 6 was adopted until the time for adopting the resolution on Agenda Item 7, there were 32 additional shareholders registering for attending the meeting. The shareholder held 209,112 shares in total. As a result, the total number of shareholders attending the meeting amounted to 2,384 while the total number of their shares amounted to 641,201,162.

The results of the voting on the Agenda Item 7 were as follows:

Results	Number of votes
Approval votes	609,430,917
Disapproval votes	14,147,357
Abstained from voting	12,089,458
Number of Invalid votes	2,000

Resolution

With the majority votes of the shareholders who were present at the meeting and casted their votes, the meeting passed a resolution approving the appointment of the following list of the public accountants of EY Office Limited:

1. Ms. Rattana Jala (Certified Public Accountant (Thailand) No. 3734) and/or
2. Ms. Somjai Khunapasut (Certified Public Accountant (Thailand) No. 4499) and/or
3. Ms. Rachada Yongsawadvanich (Certified Public Accountant (Thailand) No. 4951)

as the public accountants of the Company for the year 2016. The audit fee of 900,000 baht for 2016 was also approved.

Agenda 8: Other business (if any)

The Chairman provided the shareholders with an opportunity to make suggestions and ask questions. In response, there were a number of shareholders who asked questions and expressed opinions as follows:

The shareholder:

He asked about the progress in relation to the sale of the equity stake of the Bank of Nova Scotia (Scotiabank) in Thanachart Bank as well as its related impacts.

The Chairman:

According to the information disclosed by the Company through the Stock Exchange of Thailand's information dissemination system, Scotiabank replaced many of its high-ranking executives and also reviewed its investment policy with very strong emphasis placed on Central America and South America. As a result, it would scale back or withdraw its investments in all countries in Asia and the Pacific. Since its investment in Thailand was the largest, it explored the possibility of selling all its shares in Thanachart Bank. However, the buyer of the shares was subject to the approval of the Company. According to the shareholders' agreement, the Company required that the buyer of the shares in Thanachart Bank had to be a financial institution or organization with high stability and a good reputation. Importantly, the buyer had to be able to work together well with Thanachart Group. Neither the Company's Board of Directors nor its executives were involved in the exploration of the possibility of selling the equity stake in Thanachart Bank, which was carried out by Scotiabank. Up until now, the Company was not informed of any details.

As regards the impacts, there was no impact expected, mainly because the work systems and information technology systems whose developments had to depend on Scotiabank's knowledge and experience were substantially completed. The latest one was concerned with the mobile banking system which should be made available to customers sometime in May 2016.

The Shareholder:

While he believed that the Company already implemented rigorous corporate governance principles, he would like to request it to oversee the procurement of a data warehouse system. This was mainly because he was uncertain whether any favoritism was shown towards some service providers or trading partners. As well, attention should be paid to the use of services provided by companies whose executives were close family members of Thanachart Bank's executives. In principle, first and foremost it was important to act in the best interests of the company. In addition, he was informed that a lot of new personnel had been recruited in the area of the information technology system. This led to an increase in expenditure.

Mr. Somjate Moosirilert:

Mr. Somjate thanked the shareholder for his opinions. He said that, in relation to the approval or procurement systems, there was no single executive who could make a final decision. In particular, in the area of information technology system, a large committee headed by him and consisting of several executives concerned was responsible for approving various projects. In considering them, the committee would take advantage of the expertise provided by Scotiabank. All the projects proposed to the committee had to be accompanied with a business plan and a budget as well as indicators which could be monitored. Moreover, as regards the procurement of other systems, the work units concerned would be required to participate in the discussion together with the central unit which possessed expertise. In relation to the recruitment of personnel in the area of the information technology system, they were recruited when Thanachart Bank was merged with Siam City Bank. The recruitment was necessary since there were many systems which needed to be developed. In this connection, the number of the employees recruited was not high when compared with the tasks to be accomplished.

Mr. Anu Wongsarakit (shareholder):

The shareholder would like to be informed of details related to the Company's business plan as the country's export outlook remained lackluster, the economic growth was slow, the number of vehicles for which buyers made a deposit at the recent motor show was fewer than in the previous year, and a large Thai commercial bank's announcement that it had cut its benchmark lending rates. In this connection, the shareholder did not want Thanachart Bank to raise fees it charged customers for services.

Chairman:

The Chairman said that, following a large Thai commercial bank's cut of its benchmark lending rates, other banks would certainly follow suit. Noteworthy was also the possibility of lower costs of deposits. On the part of Thanachart Bank, most of its loans were auto hire purchase loans whose interest rates were fixed. As a result, the changes did not have a significant impact on Thanachart Bank's performance. As regards the business plan, the Chairman requested Mr. Somjate to provide the shareholder with the related details.

Mr. Somjate Moosirilert:

The main thrust of the business plan was to encourage customers to use more services of Thanachart Bank. Strong emphasis would be placed on developing various financial services

and products. In relation to auto hire purchase loans, focus would be on the used vehicle market and the 'Cash Your Car' loans whose applications would be processed in a prudent manner. As regards loans for small and medium-sized enterprises, there were some businesses which had the potential for growth. Emphasis would also be placed on increasing the non-interest income. Marketing staff would undergo training and development to enable them to offer services to customers in an integrated and comprehensive manner. As well, the services would be enhanced simultaneously. In summary, apart from maintaining the same profitability as in the previous year, the Company would be able to achieve reasonable growth.

Mr. Preecha Jitranont (shareholder and rights protection volunteer of the Thai Investors Association):

1. The shareholder commended Thanachart Group for being certified as members of Thailand's Private Sector Collective Action Coalition against Corruption (CAC). He asked whether the Company had any plan to encourage its trading partners to become the members of the coalition as well.
2. Referring to Page 6 of the financial statements in relation to the 'non-controlling interests' item and Page 8 in relation to the income attributable to non-controlling interests, he asked whether these interests were affiliates of the Company.

Mr. Somjate Moosirilert:

As regards the collective action coalition against corruption on the part of trading partners, the Company would gradually study the matter. Once it reached a certain point, it would move gradually.

Mr. Anuwat Luengtawekul:

In relation to the 'non-controlling interests', these interests were the portions of equity ownership in subsidiaries not attributing to the Company. In the case of Thanachart Bank, the equity stake held by Scotiabank was not attributable to the Company or did not belong to Thanachart Capital. Similarly, taking into consideration various subsidiaries of Thanachart Bank in detail, one would find that several shareholders of these subsidiaries were not Thanachart Bank. These included, among others, Thanachart Fund Management Company limited and Ratchthani Leasing Public Company limited.

The Shareholder:

Referring to the loss of about 25 billion baht incurred as a result of the liquidation of Siam City Bank, the shareholder asked about the approach adopted by the Company in managing the loss and whether the Company would consider making additional dividend payments or share repurchases, taking into account the fact that it had set aside substantial provisions.

Mr. Anuwat Luengtawekul:

Mr. Anuwat said it was likely that not only additional provisions would be set aside but also revenues on the outstanding balance at Thanachart Bank would be recognized. As a result, the Company might earn some profit, from which a dividend payment could likely be made.

Mr. Basant Kumar Dugar (shareholder):

He offered the following opinions and recommendations:

1. Praiseworthy was the fact that the Company's interbank and money market items on the liability side of the balance sheet, whose financial costs were low, were relatively high in comparison with the interbank and money market items on the asset side.
2. The cash flows from investing activities showed that Thanachart Bank invested in good quality securities and that the investments were growing.
3. In relation to the minutes of the shareholders' meeting, he was of the opinion that they should not be included in the agenda for approval. This was mainly because the shareholders attending the previous meeting belonged to a group which was different from the group of shareholders attending today's meeting. Examples included companies in the Fortune 100 or Fortune 500 lists or even PTT Public Company Limited and IRPC Public Company Limited whose meeting agenda did not include Agenda Item 1 on the approval of the minutes of a shareholders meeting. As a result, it was not necessary to attach the minutes of the previous meeting to the notice of the annual general meeting. Making the minutes available to the public online through the Company's website as well as sending them to the Stock Exchange of Thailand (SET) and the Office of the Securities and Exchange Commission (SEC) would suffice. In this connection, after the meeting was closed, the Company could send the minutes of the meeting to Thailand Securities Depository Company Limited which would be responsible for forwarding them to shareholders for approval.

4. The payment of the performance allowance to directors should be based on the net profit or the dividend payment, whichever was higher. The objective was to motivate the Board of Directors to carry out their duties to the best of their abilities.
5. He recommended that the Company buy directors and officers liability insurance. In this connection, the Chief Executive Officer should attend the related course organized by the International Institute for Management Development (IMD). As well, the directors should attend training courses to enhance their efficiency and productivity.
6. The Company should make arrangements for roadshows and production of newsletters. The objective was to increase the trading volume of its stock.
7. The Company should study about the global financial system and the treasury centers. The objective was to identify additional income sources for Thanachart Bank.

Chairman:

The Chairman thanked the shareholder for his recommendations and opinions which would be taken into consideration.

As there was no one proposing any other item for consideration, the Chairman declared the meeting closed.

The meeting was closed at 16:17 hours.
